

## Logo Design

I need a graphic artist to create a logo for my writing business. I want it to be very simple and I have included an image of what I will like you to replicate for me. The name of my writing business is Intimate Thoughts.

I want the name “Intimate” to be stylised like the “bliss” in this image and “Thoughts” to be like the “Intimates” in this image.

Colors: Pink and white

Please use your creative discretion to make something great.
